Designed for
Academic and research libraries
Universities
K-12 School libraries
Colleges
Publishers
Government agencies

eLibro is a leading Spanish-language academic digital library, with a proven track record since 1998 serving public and private institutions across Latin America, Spain, and non-Spanish-speaking countries.

We offer titles from more than 800 publishers, adapting to the specific needs of each institution. eLibro continuously adds new editions, providing excellent support for teaching, learning, and research.

eLibro features:

- Virtual platform designed by professional librarians.
- Commitment to intellectual property rights.
- Continuous technical optimization with a focus on accessibility and social inclusion.

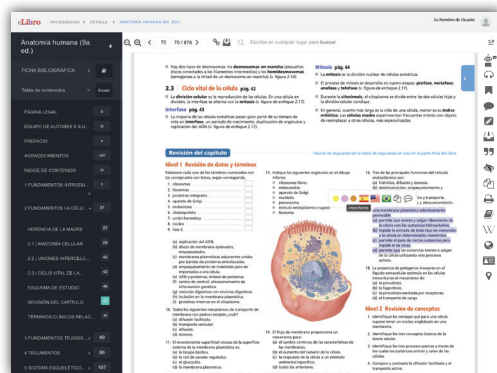

The Library's best partner, always available

eLibro enables reading and use of online tools 24/7/365.

It also includes a unique downloadable app that automatically synchronizes with the titles users are accessing online.

Any eLibro Service includes:

- Dedicated eLibro URL for the institution
- Administrative dashboard
- Technical Support
- Virtual training sessions
- Personalized and ongoing assistance

eLibro Collections

COLLECTION eL | Básica

Curated catalog of essential content from prestigious international publishers. Universities and institutions can select titles to acquire annually through two access models: Subscription and/or Multi-User Access.

COLLECTION eL | Cátedra

Our most popular collection. The most comprehensive and diverse catalog in eLibro. Includes content across all academic disciplines. This collection features more than 160,000 academic titles from over 500 publishers.

Key Features

- Continuously expanding, with more than 800 new titles added each month.
- Each title allows simultaneous multi-user access.
- Partial downloads (chapters or page ranges) as PDF images.
- Full document downloads for up to 30 days via the eLibro app.
- Allows sharing information with other users.

Content by Subject Area

- Social Sciences
- Informatics, Computing, and Telecommunications
- Engineering and Technology
- General Interest and Fiction
- Psychology
- Education
- Law
- Architecture, Urban Planning, and Design
- Fine Arts, Visual Arts, and Semiotic
